GRNC Alert 05-06-09:

NEW INFO ON ASHTON LUNDEBY DETENTION

As reported yesterday, 16-year-old Ashton Lundeby of Oxford, NC has been detained in South Bend, IN by the FBI for more than two months under the Patriot Act. His mother, Annette Lundeby, has been able to get little information and has been hamstrung by government stonewalling.

Today, GRNC president and Charlotte Gun Rights Examiner Paul Valone spoke to Mrs. Lundeby, and her description of federal abuses in holding her son are compelling.

DELIVER THIS MESSAGE

Dear [Congressman or Senator]:

Few travesties in American history equal the detention of 16-year-old Ashton Lundeby by the FBI for allegedly making bomb threats via the Internet. By all accounts, not only does he have no history of crimes, the facts make it nearly impossible for him to have been the culprit.

More importantly, the FBI has detained a 10th-grader for 2+ months under an unconscionable application of the Patriot Act, depriving his mother of information necessary for his defense.

I demand that you not only pursue an investigation of the case – and Lundeby's immediate release – but that you also work toward the repeal of a law so clearly at variance with the language and intent of the Constitution.

Respectfully,
