Dear GRNC Supporter:

Unlike some organizations, Grass Roots North Carolina makes a point of not burying you in fund-raising solicitations. So I hope you will pay special attention to an arrangement GRNC has worked out with the preeminent firearm training facility, **Front Sight Training Institute**, to not only get you top notch defensive handgun training, but to **help GRNC take back our country in the upcoming election.**

Because I don't endorse anything I don't try first, I took Front Sight's **Four-Day Defensive Handgun** course and have just published the first in a four-part series detailing the experience for my gun rights column on examiner.com, available at the link above or at: _____

What I discovered was a superb course - and I've taken several - geared not only toward increasing your proficiency with a handgun, but training you in the legal, ethical and tactical aspects of using deadly force. Take it from me: **If you keep a firearm to protect family or yourself, chances are you need this course.**

Accordingly, we have arranged a **40% discount** for GRNC supporters, plus you get an extra day of concealed handgun training and a **free Springfield XD pistol.**

Equally important - at least to those who actively defend our rights - anyone who signs up for the course using GRNC's affiliate page at: **<http://grnc.org/frontsight.htm>** will earn **\$100.00 for GRNC** - money GRNC will use in its typically efficient fashion to reclaim our country in the 2010 elections.

Remember: The Supreme Court recently struck down campaign speech suppression provisions of the McCain-Feingold Act. **GRNC can now legally use organizational money to highlight which politicians have sold you out.**

We are asking you to help make that happen - all while obtaining the best handgun training in the world - by signing up for Front Sight's formidable course.

Here's how it works: Dr. Ignatius Piazza, the Founder and Director of Front Sight Firearms Training Institute is known as

the "Millionaire Patriot" by his more than one hundred thousand students because he has literally spent millions of his own dollars to assist them in securing a level of expertise with firearms that surpasses those levels found in the law enforcement and military communities—but without any boot camp mentality or drill instructor attitudes. Dr. Piazza would also like to assist you, a GRNC supporter, in securing a level of skill at arms that exceeds 99% of the gun-owning population.

Does it sound too good to be true? It did to me, but after checking out Front Sight in person, I am convinced you will benefit. Dr. Piazza has given away over 3,000 Springfield Armory XD Pistols so far; and now he is giving you a fabulous opportunity to secure his world class, **Four-Day Defensive Handgun Course** plus **One-Day 30-state CCW Course** for pennies on the dollar and is throwing in a Springfield Armory XD Pistol in the caliber of your choice plus a bunch of great gear at no charge!

Highlights:

- Dr. Ignatius Piazza, founder of Front Sight, who has been called the **"Millionaire Patriot" arms and trains you;**
- Commits his own money to assist you in securing **5 days of handgun training** for pennies on the dollar;
- PLUS gives you a **Springfield Armory XD Pistol and tactical gear at no charge!**

Check it out at: <http://grnc.org/frontsight.htm>

As GRNC's mascot "Max", a pit bull with the Constitution clenched in his teeth depicts, **Grass Roots North Carolina is an all-volunteer, no-compromise gun rights organization** committed to delivering **"'Max' bang for your legislative buck."**
