

Dear restaurant, theater or other business owner:

You have posted signs prohibiting law-abiding citizens with concealed handgun permits from protecting themselves and their families. Consequently, your business will be reported as a "High Risk Business" to Grass Roots North Carolina (www.GRNC.org), which will then distribute it to 300,000 concealed handgun permit-holders across the state via gun shops, gun shows, concealed handgun classes, Facebook, Twitter, and email alerts to 87,000 GRNC supporters.

You have nothing to fear from concealed handgun permit-holders who, by virtue of training and background checks, have proven themselves sane, sober and law-abiding. I urge you to remove signs prohibiting concealed carry.

If you feel you are being unjustly reported or if you choose to remove signs, please call 877.282.0939 or email SafeRestaurants@GRNC.org.
