11th District

Candidate for Congress

Moe Davis @ColMorrisDavis
US House candidate, NC-11

Screw they go low, we go high bullsh*t. When @NCGOP extremists go low, we stomp their scrawny pasty necks with our heels and once you hear the sound of a crisp snap you grind your heel hard and twist it slowly side to side for good measure. He needs to know who whupped his ass.

When they go low, they get one chance to prove it was an honest mistake before we stomp on their lowlife necks & grind in our heels so that their ignorance & hatefulness will never be able to stand upright again ... and then we go to dinner & wait until we need to stomp'em again.

How do you beat 'em? Many say the best way is with a tube suck filled about a fourth of the way full with nickels.

I agree with @DonnyDeutsch ... as @realDonaldTrump, @senatemajldr and their fascist @GOP comrades slither in the sewer @TheDemocrats need to stomp down decisively on their necks. Got to excise this fascist cancer now to save America and democracy for tomorrow.

Yep. When they go low you wait till they slither by and you stomp their necks and grind in the heel of your boot for good measure. Say "have a nice day!" as you walk away if you're determined to be polite.

Pretty clear where @DonaldTrump inspired terrorists are radicalized and incentivized. @seanhannity, @TuckerCarlson, @IngrahamAngle, @BillOReilly are in many respects the white supremacists' Anwar al-Awlaki analog.
